address: CZ, Praha - Nové Město, Krakovská 1392/7, 4 floor, PSČ 110 00

FLENTES TRADING s.r.o. is a company engaged in the sale of metal products. The main partner of our company is one of the largest plants producing metal products - LLC «DMZ Kominmet» and LLC «AV metal group» (Ukraine). The main products of the plant are electrically welded, longitudinal welded steel pipes. The plant is equipped with modern automated technological equipment. All delivered products meet international requirements and have all the necessary quality certificates from the manufacturer (in particular - European quality certificates DIN EN 10217-1; 10219-1,2; 10240; 10255; 10305-3; 10305-5).

We hereby offer to supply products manufactured by LLC «DMZ Kominmet» and LLC «AV metal group».

Price (excl. VAT):

 FCA Dnepr,Ukraine – 1000 EUR/t (excl. VAT)	 DDP Czech Republic	– Price on request
 DDP Austria		– Price on request
 DDP Germany		– Price on request
 DDP Latvia		– Price on request
 DDP Moldova		– Price on request
	 DDP Slovakia	– Price on request
	 DDP Hungary	– Price on request
	 DDP Lithuania	– Price on request
	 DDP Poland	– Price on request

Delivery conditions:

1. Minimal order – A truck norm \approx 21 t.
2. Minimum delivery of one position is 1 package of pipes. The weight of one package is 1.5-2.5 tons (12 m)
3. The standard for our pipes is a length of 6 to 12 meters. On the additional request of the Buyer, it is possible to manufacture a pipe of shorter length.
4. Pipes can be produced without coating or with zinc coating.
5. The delivery is carried out on the terms of DDP Prague, Czech Republic or on any other terms agreed with the Buyer.
6. Payment terms - as agreed by the parties.
7. This offer is valid for a limited period of time. The final price of production is fixed by the specification to the contract.

The actual version of this offer can be found on our website: www.flentes-trading.com

Round cut pipe Ø

For the purchase, we present you a round cut pipe in three types:

1. Welded hollow pipes manufactured in a cold way and designed for the construction of metal structures. Normative document - DIN EN 10219-1,2; 10305-3;
2. Pipes made of non-alloy steel, suitable for welding and thread cutting. Normative document - DIN EN 10255.
3. Steel welded pipes used under pressure. Normative document - DIN EN 10217-1.
